The death rate for the year past in Helena has been rather large, reaching 7 3-10 per 1,000, but this is due from the large number of patients throughout the territory being sent to the Helena hospitals. The decedents for the year and the causes of death are as follows:

Syphilis ... Fatty degeneration of the heart.. Heart disease. Brain fever. Still born.... Premature birth nternal injuries Congestion of brain. Cerebro spinal meningitis. Quite a number of applications for divorce were filed in the district court during 1888, mostly by women whose liege lords had either treated them shabbily or of whom they were tired, but Judge McConneil granted bills to only nineteen, and they deserved them.

NEW YEARS DANCE.

Battery A Gives a Ball to Which a Great N Go and Enjoy It.

Battery A light artillery gave a dance last night at Assembly hall. It was better attended than any dance in Helena in 1888, about 150 couples being in attendance. Most of the military of the city were present, representatives from the cavalry and infantry being distinguishable by their uniforms, neat and trim. Capt Cleary and Lieut. Burns of the Meagher Guards were resplendent in new uniforms Guards were resplendent in new uniforms and Lieut. Veazey of the cavairy was very attractive to the young ladies present. But in militia the privates are about as well known as the officers, and shoulder straps do not cut much of a figure when it comes to asking a girl with whom one has been acquainted for years to dance. Quiet a number of people prominent in military affairs were present and entered into the enjoyment of the occasion as heartily as the youngest soldier in the ranks.

ranks.

At midnight there was a quadrille danced in which every couple in the hall participated. The dance began before 12 o'clock and was just ending when the hours were chimed. Each was wished a happy New Year and all left for the midnight lunch with buoyant spirits. Professor Yeager's orchestra furnished the music and it was excellent. Captain Craig and his boys deserve great credit for their New Year's dance, which was a success in every particular.

Goetzeinger Discharged.

The gratifying news was received in Helena yesterday from Columbus, Nab., that Ed Goetzinger had been discharged by the court without a trial. Mr. Goetzinger was living in Helena, and being a demger was living in Helena, and being a democrat, took quite a prominent part in politics. An officer from Nebraska appeared and arrested Mr. Goetzinger on a charge of obtaining money under false pretenses—Mr. Goetzinger bought a soda fountain from a man, paid part cash and gave his note for the balance. He was unable to meet the note when due and asked for an extension of time, which was not granted, and there was a great to do made about his arrest. He was made to suffer for his political faith. That is all. He has many friends in Helena who will be glad to learn of his discharge.

From now until the 1st of February we will sell our entire lot of wood, hard and soft coal heating stoves cheaper than ever.

Methodist Ministers Declare Themselves Not in Favor of an inaugural Ball.

IN DIANAPOLIS, Dec. 31.—At a meeting of local Methodist ministers to-day the fact became public that a crusade against the inaugural ball at Washington was started by certain clergymen of Columbus, Ohio, who formulated their views in opposition to the ball and forwarded them to the Methodist clergy of this city for action.

Looming in the distance at first, it is surely drawn toward the sufferer by the Bitter's potent influence. It incorporates itself with his being. On the 15th day of every month the Northern Pacific Railroad company will sell excursion tickets to San Francisco and will not attend it. In commenting upon will not attend it. In commenting upon this cherical suggestion, Dr. Keene said some action of the chergy of Indianapolis was now looked for, and that their opinion regarding the action of the Columbus chergy ought to be definitely and unmistakably expressed. He was earnestly opposed to dancing and was in favor of endorsing the action of the Columbus clergy. A discussion of the subject followed, in which several ministers gave their approval of Keene's views, and a motion was finally carried unanimously that a committee of three be appointed to return at \$75; to Los Angeles and return S94. Britton was there two weeks ago he asked Gen. and Mrs. Harrison if they had any sng-gestions or requests to make regarding in-augural ceremonies. Gen. Harrison made but one request, and that was that the vet-erans of bus old regiment act as his guard with dining car, steam heat, electric light, separate bath rooms for ladies and gentleseparate bath rooms for ladies and gentie-men, barber shop, library, observation and smoking rooms. clergymen are too late in their crusade, as the matter has practically passed ont of Gen. Harrison's hands, and there is scarcely a possibility that he would under any pressure interfere with the arrangements of the inaugural committee. Should the preachers finally appeal to him they will doubtless be politely referred to Gen. Britton. Gen. Harrison, like many others, does not look upon the inaugural ball as a dance, but rather as part of the ceremony that custom has identified with the occasion.

Beginning with a force of employers consisting of the proprietor and a small boy, now nearly fifty persons are dependent on the weekly drafts on the banks, issued by the Journal's cashier, for the means of support. During the past three years, since the incorporation under its present name, with new and active blood and capital in the concern represented by Mr. Russell B.
